壽司是什麼？ What is Sushi?

Sushi is NOT just raw fish! 壽司不只是生魚！

The word 'sushi' 壽司 actually refers to the VINEGARED RICE 醋飯 — the toppings can be anything!

Shari 舍利（醋飯）

Short-grain Japanese rice 日本短粒米 seasoned with rice vinegar 米醋, sugar 糖, and salt 鹽. This is the HEART of sushi!

Nori 海苔

Dried seaweed sheets 乾燥海藻 used to wrap sushi. Crispy when fresh, chewy when it absorbs moisture. Full of nutrients! 富含營養！

Neta 種（配料）

The topping or filling! Can be raw fish, cooked seafood, vegetables, eggs, or anything you like. 配料可以是任何東西！

Wasabi 山葵

A spicy green paste made from Japanese horseradish. Just a tiny amount! 只要一點點！ Traditionally placed between fish and rice.

Soy sauce 醬油

For dipping! Use sparingly — too much overpowers the delicate flavours of the fish and rice. 少量使用！

Pickled ginger 醃薑

Eaten BETWEEN different types of sushi to cleanse the palate 清口. It's a taste reset! 用來清除上一個壽司的味道！

壽司的歷史 The History of Sushi 🍣

700s AD
7世紀

Born in Southeast Asia 起源東南亞

The original sushi was fermented fish packed in rice. The rice was thrown away — only the fish was eaten! 原本只吃魚，飯是扔掉的！

1300s
14世紀

Rice becomes part of the meal
飯變成食物

Japanese chefs started eating the rice too! They also reduced the fermentation time. 日本廚師開始一起吃飯了！

1800s
19世紀

Fast food of Edo Tokyo 江戶時代的快餐

Nigiri sushi 握壽司 was invented in Tokyo as STREET FOOD 街頭食物 — cheap, fast, and delicious. Like today's hot dogs! 就是當時的路邊攤！

1900s
20世紀

Refrigeration changes everything 冷藏技術改變一切

Raw fish became safe to store and transport. Sushi spread to restaurants worldwide! 壽司走向全世界！

Today
今天

Global phenomenon 全球現象

There are more Japanese restaurants outside Japan than inside! Sushi is eaten in over 100 countries. 日本以外的日式餐廳比日本國內還多！

壽司的種類 Types of Sushi

There are many ways to make sushi! 壽司有很多種做法！

Nigiri 握壽司

Hand-pressed oval rice with a slice of fish on top. The most classic style! 用手捏成橢圓形的飯，上面放一片魚。最經典！

Maki 卷壽司

Rice and fillings rolled inside nori seaweed, then sliced into rounds. 在海苔裡捲上飯和餡料，再切成圓片。

Temaki 手卷

A cone-shaped hand roll! Nori wrapped into a cone and filled. Eat immediately — the nori gets soft fast! 圓錐形！要馬上吃，不然海苔會變軟！

Gunkan 軍艦

Seaweed wrapped around rice like a little boat, with soft toppings like salmon roe on top. 像小船一樣！上面放軟的配料。

Inari 稻荷

Sweet fried tofu pouches stuffed with seasoned rice. No fish! Great for vegetarians. 甜甜的炸豆腐皮包飯，沒有魚！素食者也能吃！

いただきます

Itadakimasu!

Said before every meal in Japan 日本人每次吃飯前都會說這句話

It means: 'I humbly receive this food'

It honours the plants, animals, and people who made the meal possible

It thanks the farmers, fishermen, and cooks

It's a moment of gratitude before eating 感恩的心！

Now say it together before we eat! 一起說！
